Dear beloved customer,

At TOP, we ensure transparency in import costs by providing you with a biweekly import tariff list. This list contains the latest rates, helping you stay informed about the charges for Full Container Load (FCL) shipments.

Every two weeks, you receive an updated overview of only the ocean freight tariffs. These rates are influenced by market conditions, fuel prices and carrier adjustments, making regular updates essential. By keeping track of these changes, businesses can plan their imports more efficiently and avoid unexpected expenses.

By receiving these tariff updates, you gain valuable insight into you expected costs. If any questions arise regarding the charges or calculations, [our team](#) is always available to provide clarifications and support. At TOP, we aim to make international shipping as predictable and cost-effective as possible.
